Additional costs

Cost's that are not included in the quotation are as follows;

Late payment fee. If you make a late payment there is an additional fee of €50.00.

Diving

By applying for, and making a reservation deposit, it is deemed that the DM interns are fit to dive.

If you have any doubts about your ability to participate or complete the course, due to health or fitness, check with your own Doctor and communicate this concern to us before reserving your place.

All divers are required to be fit to dive, for their own safety & for the safety of our staff & other customers.

We reserve the right to refuse individuals to dive if they are not considered fit to dive.

This includes being hungover or under the influence of drink/drugs, given the increased risks when diving in such a condition.

In such circumstances, if re-scheduling of training is required to enable Divemaster trainees to complete performance requirements when fit to do so, an additional fee may be charged.

If Divemaster trainees do not complete their training within the scheduled timescale and need to extend their stay to complete their training, an additional fee will be charged.

If Divemaster trainees do not complete their training because of being unfit to dive, unprofessional behaviour or lack of commitment to completing performance requirements, no refund will be given.

If Divemaster trainees do not start or complete the course, we will not refund any money for non-completion and only refund as per the cancellation policy.

Divemaster trainees are expected to respect national laws & cultural customs throughout their stay in Tenerife.

We reserve the right to ask an individual to leave if they are breaking national laws, causing serious offence to locals through disrespect of cultural customs or bringing us into disrepute through inappropriate behaviour whilst living in Tenerife.

In such circumstances, no refund would be given.

During your program images will be taken of you and by joining the program you agree to them being used on social media platforms and anywhere the company wishes.

Fun Dives

A “Fun dive” is a dive completed by a diver who is not on a training dive (part of a course).

The idea of fun dives is to increase the number of logged dives you have and also to give you confidence in your abilities as a diver. Whilst on a fun dive you can practice your navigation skills, buoyancy and have the chance to relax and enjoy the dive. If the candidates have shown good competency on navigation, awareness and safety on previous dives it is possible you can complete fun dives without a member of staff present. This is decided on a diver to diver basis.

What’s a Typical Day like?

All PADI diving courses involve a mix of scuba diving theory, learning new skills, and mastering them in the open water environment.

We organize our scuba diving internships so that we rotate through a mix of each, so the program is enjoyable and exciting, and you progress at a steady pace.

Our days are split into diving and studying. When diving, obviously, you will be out diving. We start at 9am you get your kit together and head off to the dives site. There is a mixture of training dives, and fun dives. At all times safety is our utmost concern. We are very proud of our 100% safety record and will not jeopardise this under any circumstances.

During the diving days we tend to stop for lunch / snack between dives and to discuss the dives. Sometimes at a café, if available, if not we will let you know to bring something with you.

When not diving you may still get wet but it is a mixture of diving skills, classroom theory and stamina training. As an Academy we have included many more discussion / presentation opportunities to give you the best understanding on your role as a professional diver and the industry you are about to enter.

Equipment

Your internship package includes many options so you can choose what to purchase and what you want to loan for FREE from us. Some candidates may already have some or all of their own equipment, but it is not necessary for the Divemaster internship, although strongly recommended if you want to work as a Professional.

2 Company T Shirts are given to you for free. They must be worn every day you attend the Dive Centre to promote a professional image.

Materials and certification fees

PADI materials are included in the cost of each course.

If you have already completed levels of diver education, you must have the corresponding book; i.e Open Water divers must bring with them a PADI OW manual.

All your recreational certification costs are covered by us. The exceptions to this are Emergency First responder (EFR) certification renewals. So if you are joining us as a Rescue Diver you must have a current EFR certification. If this requires renewal you pay the reduced fee of €110.

Your professional certification fee is paid direct to PADI by you. Currently this is €97.

Diving Insurance

To dive in the Canary Islands you **MUST** have diving insurance. We will not allow anyone in the water until written proof is produced. We can arrange the insurance on your behalf or you can arrange before arrival.

Travel Insurance

We strongly recommend you have travel insurance in place before leaving home.

Illness and Injury

We take your health and wellbeing very seriously, as well as that of our Staff, and Team Members.

If you suffer an illness or injury, during your time with us, that requires either medical attention or specifically affects your ears. Then you will be required to get a PADI medical form signed and stamped by a Doctor to say you are once again, fit to dive.

Accommodation

The accommodation is provided by an Agent and described as basic and functional.

There are no cleaning fees included in the cost, so you will be responsible for keeping your room and communal areas clean and tidy at all times.

If the cleanliness falls below an acceptable standard and the DMT is unwilling / unable to bring it up to an acceptable condition, cleaners will be brought in and a charge made to those responsible.

House Rules are displayed and apply to everyone in the apartments. Failure to adhere to these rules will lead to your removal from the accommodation and the diving program with no refund or alternative offered.

In extreme circumstances you may be asked to leave if you are unable to respect people's property without alternative accommodation being sought or refund being made.

The arrival day is Sunday. The keys for your accommodation will be available from 8.30 am until 1 pm.

Gas and electric are included in the cost, however if an excess use occurs you may be asked to contribute to the cost.

Bookings are from Sunday 8.30 until Saturday until 10am.

If you wish to stay after this time additional charges may be applied by the week.

No charge is made for the accommodation and no monies / discounts / refunds are offered in exchange for non-use of room.

If you are unsure of your booked departure date / time, ask a member of staff asap.

A refundable deposit is held for cleaning and key, return when you arrive.

Please note no refunds are due on accommodation costs if you choose to leave early or if you are required to leave due to failure to meet your obligations or the key is not returned.

All deposits are refunded, via PayPal, once your application has been processed by PADI.

If you are unsure about any of the terms and conditions, it is your responsibility to check prior to making payment or commencing your internship.
